DETAILED ACTION

Allowable Subject Matter

1. Applicant's amendment filed on 2/6/06 have been fully considered and are persuasive.

2. The following is an examiner's statement of reasons for allowance:

As per independent claim 6, Applicant's claimed invention is deemed allowable over the prior art of record as the prior art fails to teach or suggest wherein at last one general purpose register that is not switched to service exception is configured to allow access by said processor during said servicing of an exception in combination with other limitations as recited in independent claim and further in view of the specification and applicant's arguments.

As per independent claims 11, 12, 14, 17, 28, 31, Applicant's claimed invention is deemed allowable over the prior art of record as the prior art fails to teach or suggest wherein during servicing of an exception, a subset of said set of general purpose registers are not replaced with an alternate set and the subset of said set of general purpose registers that are not replaced with an alternate set allow data sharing between exception processing and normal execution in combination with other limitations as recited in independent claims and further in view of the specification and applicant's arguments.

As per independent claims 20, 23, Applicant's claimed invention is deemed allowable over the prior art of record as the prior art fails to teach or suggest wherein at

least one general purpose register that is not switched to service exceptions is configured to allow modification of the register states by said processor during said servicing of an exception in combination with other limitations as recited in independent claims and further in view of the specification and applicant's arguments.

As per independent claims 27, 29, 33, Applicant's claimed invention is deemed allowable over the prior art of record as the prior art fails to teach or suggest wherein at least one general purpose register that is not switched to service exceptions is configured to be read and written directly by said processor during said servicing of an exception in combination with other limitations as recited in independent claims and further in view of the specification and applicant's arguments.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
